

The Hero with a Thousand Faces (Chinese Edition)

This book is called classic work of mythology master Campbell, which dating back to almost all related stories of heroic adventures in the world and revealing the same hero archetype. It covers different areas of anthropology, archeology, biology, literature, psychology, comparative religion, art and popular culture etc, thus builds up Campbell unique mythology system and lays his historical position in this field where he becomes a generation of academic master. Campbells thought is creative, and he combines humanistic value and universal spiritual experience with the contemporary science and art. This book not only enriches the field of study mythology, but also opens more space of imagination for human future. Since its publication in 1949, it has inspired and influenced generations of scholars all over the world, published in many languages around the world and sold of millions of copies.
