

Dragon Prey: The sequel to Unicorn Bait

In the inns of Terratu, bards tell the story of Lady Naomi, the unicorn mistress. Its a grand story, in which she saves the unicorns and defeats the insane god Errilol. At the end, she lives happily ever after with her husband Lord Tavik. But unfortunately, the storys about to change because there are two Lady Naomis and one of them is a fraud. The fraud is the one who killed the god. The fraud is the one who helped the unicorns. The fraud is the one who got the happy ending, and the real Lady Naomi feels cheated and wants it for herself. With one little sip from a love potion, Taviks planning to marry the real Lady Naomi. Naomi rushes to find an antidote before Tavik marries the real Lady Naomi. Shes hampered, though, by the reward Tavik has placed on her dead head. (Divorce doesnt exist in Terratu.) She almost has it when a dragon decides that shes dinner. Thats when her real troubles begin. Sacrifices will have to be made. The story cant stay the same. The dragon is hungry.
