

The Detectives Accidental Baby (Safe Harbor Medical Book 7)

She may work at a fertility clinic, but the mommy track is definitely not in dedicated nurse Erica Benford's future. So when a one-night stand with hunky private detective Sherlock Vaughn leads to an unexpected pregnancy, Erica plans the only logical next step. Becoming a father was the furthest thing from Lock's mind. But hell be darned if he's going to sign away his rights to his own child! Lock knows how it feels to be unwanted, and no way is he giving up his son or daughter for adoption. If Erica isn't ready for parenthood, hell go it alone. Except what does he know about being a dad? Nurse Erica will just have to train the single father-to-be. And hope she doesn't lose her heart to both of them in the process!
