

Heirloom Harvest Wall Calendar 2016

Celebrate life on the farm and the bounty of the earth and the seasons through exquisite full-color photographs and beautifully written text from Matthew Benson, award-winning photographer, author of *Growing Beautiful Food*, and proprietor of historic Stonegate Farm in New York's Hudson Valley. Bunches of vibrantly colored beets just pulled from the ground. Harbingers of spring: garlic scapes and fiddlehead ferns. And plump melons ready for harvest; you can almost smell their sweetness. For gardeners and for anyone passionate about eating local and eating well, *Heirloom Harvest* is a feast for the eyes and the imagination.
