

Magic, Romance & More: A Collection of Three Paranormal Romantic Comedy Novellas

Magic, Romance & More is a collection of three light paranormal romantic comedy novellas including: *Witch Weigh*: Tessa Von Hellengaard is a real witch. Magical spells aside, she's snarky and selfish, and the other witches in her silent spell coven are fed up with her. Their plan to reform Tessa involves taking away her magic, saddling her with one hundred extra pounds, and sending her to a weight loss spa. For good measure they call in Liam Kennedy, a charming and sexy fairy godfather, to teach her some manners. Desperate to regain her magic and determined to shed the weight, Tessa soon realizes that protecting her heart from Liam will prove to be her greatest challenge.

Magic Wand Ranch: Fiona Cantrell is a woman on a mission. More aptly put, she's a Fairy Godmother on a mission. Her dream of moving to London is about to come true now that all that stands between her and her new job is a few unpacked suitcases. Or so she thinks until her old boss shows up with one more little task for her to complete before she leaves for Europe. Her new assignment involves a handsome cowboy named Cody, his two rascally nephews, and a mountain of laundry...all of which would be no problem for any self-respecting Fairy Godmother. While Fiona manages to handle the laundry and the boys, she quickly learns that she's not immune to Cody's considerable charm. It takes everything she's got to stay focused on completing her task so she can head to London. But when tragedy strikes, Fiona realizes that it will take more magic than she has to try to save a life and mend her own broken heart. *Mermaid Inc.*: Adamantly opposed to commercial whaling, Miranda happily trades her fin for human legs when she's given the opportunity to work as a maid for a man in charge of public relations for a large Japanese whaling firm. Miranda soon finds out that she loves pedicures, favors bikinis

over clamshells, and that she's a natural disaster when it comes to human housework. There's so much about the human world she doesn't understand. Why does Justin Lockheed, her handsome boss, make her heart race and her knees weak? And just what is she supposed to do when it comes time to choose between advancing her cause and destroying his career?
