This book contains proven steps and strategies on how to manage your jealousy. Today only, get this Amazing Amazon book for this incredibly discounted price! Read on your PC, Mac, Smart Phone, Tablet or Kindle Device. At the onset, you need to understand that you have very little control of what others feel and do. What you do have is control over your actions, inactions and choices before, during, and after the fact. Granted, jealousy to a certain extent is part of any healthy relationship. The question is: how much jealousy is too much? Bear in mind that jealousy is like a small crack, present in every relationship. Its just there. If you pay it no mind, it wont go away, but it wont do any damage nor worsen. The more you give in to jealousy, the bigger and deeper that crack becomes. Too much jealousy and the result is a break up, usually a messy one at that! This book will also deal with jealousy that is warranted. What do you do when your significant other is a flirt? How do you confront the same? When is it time to realize that he/she is a repeat offender? When is it time to let go? Regardless of the cause and the reason behind your jealousy, how do you talk to the person? How do you keep your composure? What do you do when you lose your cool? To summarize, this book will be tackling cause and effect in relation to action and inaction. What is the cause of the jealousy? How does it affect you and your partner? What can you do and cant you do? Why should you listen to me? Simple, I too was once inexperienced when it came to matters of the heart. I thought loving a person with everything youve got was the right thing and the only thing you should do. I figured, as long as I loved the person, I didnt do anything wrong. I could say what I want, do what I want. I was faithful after all. As a result I lost out on a couple of wonderful relationships. I even ruined my friendship with them to boot. It

took me 2 serious relationships to figure out that jealousy was destroying me. So when it came time for my third relationship, I decided to try something different. To be honest, it was not always smooth sailing. I still get jealous; but I made sure to give my loved one the benefit of the doubt. I started to think, there are things out of my control and that the only way to deal with it is to keep my cool. Here Is A Preview Of What Youll Learn...
