

Mrs Warrens Profession (New Mermaids)

Shaws refusal to moralise about the sex trade, only about the system that supports it, provides the play with its dramatic tension and surprising modernity. GuardianShaws 1893 play centres on the mother and daughter relationship between Kitty Warren and her Cambridge-educated daughter, Vivie, who is currently enjoying a comfortable and financially untroubled life. Kittys own upbringing was far from easy, however, and meant that she eventually had to make money through prostitution and then through the management of several brothels. When Vivie discovers that her mother brought her up and funded Vivies Cambridge education on the money made from these pursuits, she is horrified and can barely cope. Whats more, Vivie discovers that her mothers brothels are still in operation. Shaw said he wrote the play to draw attention to the truth that prostitution is caused, not by female depravity and male licentiousness, but simply by underpaying, undervaluing, and overworking women so shamefully that the poorest of them are forced to resort to prostitution to keep body and soul together. Mrs Warrens Profession has proven to be an extremely durable play - as durable as the problems that it presents. Students will find a wealth of information in this text to guide their studies: an extended introduction exploring the theatrical and historical context, critical reactions, background on the author, and stage history. It also includes Shaws original Preface, and the play itself contains numerous notes and explanations throughout to aid students understanding.
