

Love Unlisted: A Novel

Grace Shields keeps her hectic life manageable one way and one way only: she makes lists, lots of them. Lists of her favorite Jackie Chan movies. Lists of her boyfriends Pros and Cons. Lists about her favorite places to get a pizza. To Grace, each one is a very serious matter. And that's why no one ever reads the lists. Well, no one except for a few people who got a hold of them by accident¹. Her best friend Bernsie, who understands the lists might be the only thing keeping Grace out of an asylum;² A child psychologist she was forced to see after her father passed away and the listing become more than just a hobby;³ A very-nearly-almost fiance who left Grace because of the lists. Now, as Grace struggles to deal with a career that's getting away from her and the frustration of living with her brother George, the lists are all she can do to cope. Enter Colin Kilbourne, a free-spirited musician with a knack for ruffling Grace's pristine feathers. And spilling coffee on her favorite work clothes. Immediately drawn to his carefree, stress-free attitude, Grace knows they'd be mismatched in every possible way. But that mischievous charm is hard to resist. What's a girl to do when the lists tell you to do one thing and your heart tells you another?
