

Becoming a Helper (with InfoTrac)

Ideal for anyone embarking on or considering a career in human services, counseling, psychology, social work, or any of the other helping professions, this book provides an overview of the stages of the helping process, and the skills and knowledge required to be a successful helping professional. Drawing on their years of experience, the Coreys focus on the struggles, anxieties, and uncertainties involved in becoming an effective helper, and challenge the reader to take a candid look at the demands and strains they'll face in the helping professions and their motives for choosing a helping career.
