

Rob Roy and Selected Poems

Huw Evanss review May 17, 13 3 of 5 stars
I was brought up on books like this in my childhood. I cannot remember reading it so was pleased to find a copy when I was clearing out the garage. Written in the early nineteenth century about a mythologised character in the early eighteenth how does it read in the early twenty-first? For anybody expecting all action buckling of swash, you will be disappointed. There are short bursts of claymore waving which, if you are not concentrating, you will miss and the plot is moderately complicated. The son of a wealthy financier is sent to Northumberland to repent his sins with his uncle and his family; this is before Australia was invented so he is the equivalent of a remittance man. His cousins are all thugs barring one, who is a weasel. There is also a young lady, who is a fox with a chequered past. When the weasel absconds with his fathers money our hero is compelled to act. There are political ramifications and nobody is quite as they seem. You will be unamazed to hear that all ends well. Scott was prolific and Rob Roy is an earlier work in the Waverley series. He also pretty much invented the concept of Scottishness. It is a cumbersome work and I found it quite difficult to read. The first is one of style; by the time Dickens was writing, English usage had settled into a more recognisable format where you could no longer punctuate ad libitum. Commas, could, not, be - scattered around as, if blunderbussed - at the page; using dashes equally-liberally-is-very-unsettling-on-the-eye and equally unsettling on the comprehension.

: Rob Roy and Selected Poems: Cover faded but solid. Text browned but good. Amazon?????Rob Roy?????????Amazon?????????????Walter, Sir Scott literature from throughout the ages. Carefully selected, each work is unabridged from classic works of fiction, nonfiction, poetry, or drama. Sir Walter Scott, 1st Baronet FRSE (15 August 1771 21 September 1832) was a Scottish historical novelist, playwright, poet and historian. Many of his works
