ROMANCING YOUR EX Its been over for a while, so why would you even think of going back there? This is the dilemma facing Courtney Fox. After loving and losing Malone Hunt, the only man shes ever truly loved, she is drawn into a situation where she is being asked no, ordered to win him back by whatever means necessary, seduction and kidnapping included. At first she balks at the idea, but when it finally sinks in that this may be a second chance with her ideal love, Courtney rises to the challenge. She knows that when she executes her seduction plan Malone wont know what hit him. Malone cant believe his good fortune when Courtney walks back into his life. Shes the one woman who makes his heart do backflips but shes also the woman who walked out on him. No matter that he still loves her, he cant forget the hurt and the pain he suffered at her hands. But even if he forgives her and decides to rekindle the fire between them, theres just one little or maybe not so little problem: what to do with his fiancee? Its a quandary of immense proportions: two is company but three is definitely a crowd. Somethings got to give. Will Malone and Courtney ever find love together again?
