

## Sapphire Falls: Going All the Way (Kindle Worlds Novella)

From NYT and USA Today Best Selling author of the Ecstasy Spa series comes a story about how a small Nebraskan town reminds a couple on the verge of breakup why they fell in love with each other in the first place. As Annabelle travels with Seth to Sapphire Falls to help her ailing grandmother, she wonders if their relationship will survive the trip. Seth's depression over leaving the Ecstasy Spa has overwhelmed their relationship and left her exhausted. She wants them to move on, but something keeps holding them back. Deep down she wonders if the man she fell in love with will ever return, or if he has left her for good. Seth feels like a failure. He has no idea what Annabelle sees in him and wishes he could be the man she needs him to be. The harder he tries to mend their relationship, the worse things become, until something happens in Sapphire Falls that makes him stop being the man he thinks she wants and start acting more like himself.
