

The Ultimate Bible for Brand New Day Traders: Learn the Easiest Fastest Way to Make Consistent Profits (Brand new Day Traders training series Book 1)

This book is written for brand new aspiring day traders who have zero experience and are looking for the information they need to get started the right way from the first day. If you are already trading real money, having great success, I encourage you to keep it going this book is going to be very elementary for you. This is the bible for brand new traders who need to start somewhere. This is the place! What you will learn in this eBook will fast track your knowledge of what you need to know to get started learning. You can perhaps go from knowing 0 to trading and making real money in the live markets in as little as 30 days to a couple of months if you do what it says in this eBook. This time frame is not etched in stone and may well take you less or more time depending on how fast you grasp the basic principles of this eBook and how fast you can employ them in a live market environment with real money. If you would like to learn to trade and invest in the markets (any markets) and trade and invest in them the right way from the very start of your trading and investing education/career then I highly recommend you pay attention and do what it says in this eBook. You should read every single page in this eBook. Multiple times if need be. This eBook is meant to expedite your learning curve which can sometimes be long and costly. Sure you can Google this or that information however it would take you many years to learn what I am going to tell you in this eBook before you could invest any of your hard earned real money in the live markets and have a chance making real money. This first eBook in the series is meant to give you the basic information you need to make a decision as to whether to get into this business or not. You can screw around and waste a lot of training and education time on things that wont help you to make money in the live market or you can learn to trade by focusing on the reality of how markets

work and how money is really made and lost in markets. This means quantifying real demand and supply in a market and then buying low and selling high, just like you do in everyday in every other part of life, buying at wholesale and selling at retail. The live market is no different. Do you want to make money right away in the live market or waste time and perhaps A LOT OF MONEY on doing things the wrong way from the start the cost of which can be steep and be an account killer and no one wants that right? I have written this eBook series in a way I feel the progression of information should be learned to be able to go into the live markets with confidence and no fear. The principles in this book can be used in any liquid market on any time frame it does not matter. This is what makes the information so valuable. By the time you are finished with this book you should have learned the following: What money management is and why you need to learn it first. Why you need to master your own psychology to work in the live market. Why you must always work with a rule based plan. You will have learned to quantify and monetize fear. Read this book, study hard, go in the market and get your money!

Its a simple plan and one I employ with part of my portfolio.
