

Bedeviled & Befouled (Bedeviled & Beyond Book 6)

Futuristic paranormal romance with a devilish flavor! Without her magic, Astra Q Phelps is at the center of a tsunami of trouble that's affecting everyone she cares about in ways no one could have predicted. Unfortunately for her, the only fix might be a visit to the white on white kingdom high in the sky. To Astra's way of thinking, that's almost a fate worse than death. Sexy Devil King Dialle is fighting his own problems stemming from Astra's loss of magic. Without her light energy to keep him grounded, he's in danger of succumbing to the pull of dark forces and losing his way. As deadly forces battle to keep the two lovers apart, plaguing them with doubts of their future, they'll have to decide if their love is worth the risk or if they'd be better off letting it slip away!

***NOTE: This was previously published under the title *The Devil You Need*. It is Book 6 of a 6-book futuristic paranormal romance series of full-length standalone novels with no cliffhangers. The series is written in first person POV. There is no objectionable content but the book does contain some violence, consensual sex (with an emphasis on sensual) and the occasional sexual innuendo. The heroine in this fun series isn't always politically correct and may at times embarrass herself and bumble about slightly out of control. If you're not a fan of self-deprecating humor, you might want to give this one a pass! #0) Happy Reading!
